

Freddy Micro

Leading the way in coolant recycling 

The Freddy Micro is the newest addition to the Freddy family. Designed and built to the high standards and specifications that has made Freddy a trusted name, the Freddy Micro offers a new solution to your coolant recycling needs. With a smaller footprint, smaller 50 litre capacity, and weighing less than any previous Freddy, it offers versatility, mobility and affordability.

- The most widely used and well established coolant vacuum range in the world
- Recycles coolant and extends coolant life
- Enhances coolant performance and production quality
- Significantly reduces coolant usage
- Improves and extends tool life
- Extensively cuts waste disposal costs
- Removes contaminants that cause bacterial growth
- Complete with 24 month warranty

Specification

- 50 litre tank capacity
- Finished in oil and acid resistant powder coated paint
- 37 litre perforated steel filter basket
- Comes with 38mm hose and gulper tool (option of 51mm)
- Filters available from 1-1000um

Micro Models

Capacity: 50ltr | Length: 670mm | Width: 430mm | Height: 980mm

Power unit	# of phases	Weight (empty)	Weight (full)	airflow	water flow in*	water flow out
2kw 240v	1	58.3	109.3	3000	238	100
2kw 110v	1	58.3	109.3	3000	238	100

*tested using a 51mm hose
